Carewan is specialized in the human dimensions of transformation.

Key facts and figures: 70 team members from 7 different countries. We are located in Paris, Shanghai and Hong Kong. 100 active clients, including 25 companies listed on the CAC 40, leaders in their sector in France and worldwide.

Our offer:

- Leadership dynamics: Carewan assesses and develops leadership capacities by connecting a company's ambitions with the potential and experience of each individual person and of each team.
- Organizational agility: Carewan helps companies (people, structures, procedures) to adapt and evolve towards greater agility and innovation, by inspiring relevant targets and by implementing transformation processes that positively engage the people who will enact them.
- HR strategy and innovation: Carewan builds an attractive and inspiring HR strategy and vision, helps to position HR as a leader in the transformation process, in coherence with the company's projects, and designs and delivers relevant development programs. Digital capabilities are embarked on all our projects.

The way we work with you

For us, each project that we undertake with you is a unique journey. There are always several routes that can be taken but what is most important of all is to be sure that people learn from their journey towards their destination.
